

LONGVIEW

Pick of the Adelaide Hills

Background

The picturesque Longview estate is located in historic Macclesfield in the beautiful Adelaide Hills wine region, just 40 minutes drive east of Adelaide. The name Longview aptly describes this vineyard which has panoramic views over the property itself and the surrounding countryside as well as far reaching outlook to the Coorong and Lake Alexandrina. In February 2008, the Saturno family (with an illustrious 30 years experience in the food, wine and hospitality industry in South Australia) took over Longview Vineyard, with brothers Mark and Peter at the helm.

The Vineyard

To maintain the natural beauty of the existing landscape, Longview Vineyard implements ecologically sustainable techniques. The first plantings of 100 acres were established in 1995. The Longview property now comprises 220 acres of vineyard and 500 acres of cattle property.

The Wines

The predominantly north-east facing slopes and valleys, combined with the cool climate of the Adelaide Hills and the very best winemaking practices, have produced outstanding vintages for Longview. All wines are made from premium estate-sourced fruit. Varieties include Riesling, Sauvignon Blanc, Chardonnay, Shiraz and Cabernet Sauvignon.

In a relatively short period of time Longview has achieved an amazing number and caliber of awards/reviews.
