Exciting new wines from Western Australia

With the holidays fast approaching, we'd like to highlight two fantastic new and exciting wines we have on offer from West Cape Howe ...

2008 Viognier

A highly aromatic and versatile variety grown in the south of Western Australia. It exhibits complex aromas of apricots, violets, citrus fruits and gingerbread. The palate is rich and full with refreshing acidity and fantastic length.

90 points

"A fragrant bouquet of apricot and orange blossom; pleasing mouth-feel from a generous mid-palate followed by cleansing acidity on the finish." **James Halliday**

"By picking the grapes earlier than in previous years, the West Cape Howe winemakers have produced a lighter, more user-friendly West Australian viognier: still perfumed and honeysuckle but nicely fresh and crisp, too."

Max Allen, The Weekend Australian April 2009

2008 Tempranillo

NEW RELEASE

This wine has a rich, textured palate combining raspberry and cherry fruit characters with savory spice and licorice. Nicely balanced with a long structured finish.
